LETTER FROM THE POTENTATE

TO OUR NOBLES:

The Sixty-second Session of the Imperial Council, A.A.O.N.M.S., held in Seattle, Washington, July 13-16, 1936, has now passed into history.

Aleppo Temple has been represented by Illustrious Potentate Frank A. North, Chief Rabban Harry G. Pollard, and Past Potentates Walter W. Morrison, Fred E. Bolton and Clarence J. McKenzie.

The keynote of the Session was sounded on its opening day by Illustrious Leonard P. Steuart, Imperial Potentate, in his opening address when he stressed the importance of a strict adherence to the landmarks of Freemasonry and a re-dedication of the Shrine to its chosen field of work — the Hospitals for Crippled Children.

Many constructive suggestions were presented during the Session, looking to the good of our Order along fraternal and business lines, and especially with regard to our losses in membership; but the best news by far was contained in reports from all over the country showing substantial increases in reinstatements. This means that the Nobles, who for various causes have been forced to give up their membership in the Shrine, are now returning to the Tents.

Remember that an old member back among us is worth two new candidates any time!

I ask every member of Aleppo who has been instrumental in getting back an old member between now and our Outing on August 25, to see me "on the boat" and let me thank him in person.

The new Imperial Potentate, Hon. Clyde I. Webster, is one fine chap and has a smile which I predict will carry him far and enable him to put across pretty much anything that he wants to.

I tell you, Nobles, there are giants at the head of the Imperial Council, and make no mistake about it, the work of our Hospitals is not going to be permitted to suffer.

Seattle is a beautiful city, and Nile Temple has been a perfect host. It has been a great joy to your Representatives to have had the opportunity to "Smile with Nile." The only drawback to our happiness here in Seattle has been the absence of our splendid units, and we have said many times as the various bands and patrols have passed by, "They have nothing on Aleppo."

Let us strive every way possible to find a way to take the boys to Detroit next year.

I want to say in passing that if there is any Noble in North America that our genial Recorder cannot call by his first name, he wasn't in Seattle during this Session of the Imperial Council.

Now, Nobles, let's be looking forward to our Summer Outing on August 25.

Let's have a large class of candidates and a big turnout of Nobles. And don't forget to tell me about that Noble you were going to get to come back with us again.

Yours in the Faith,

FRANK A. NORTH,

Illustrious Potentate.

SAILING UNDER FALSE COLORS

QUITE often we meet a Noble in the course of business or pleasure who proudly displays a Shrine pin in his coat lapel, and when queried as to the name of the Temple to which he belongs, confesses rather reluctantly that he obtained a demit from the Shrine some time ago.

It would be very interesting to know how many Shriners residing in our own jurisdiction wear pins, rings or other insignia to signify their allegiance to the Order and yet carry demits or stand suspended from membership in their Temple.

A demit is really a temporary leave of absence, acting as a letter of introduction to some other Temple, and should be exchanged at the first opportunity for a paid-up membership card.

The Shrine, like every other fraternal organization, needs funds on which to operate. The bulk of those funds is largely derived through the payment of dues. The Shriner who is not paying dues to some Temple in North America is remiss in his duty to Shrinedom.

The question often arises in the Shrine, as in all fraternal organizations, "Should a former member whose name is not on the active membership list of an organization continue to wear the emblems of that Order?"

These organizations were founded and carried on through the interest and co-operation of the active members, who continue to contribute to the expense and keep the organizations alive. That is what made it possible for the former members to join and originally become eligible to wear the emblems.

A person wearing the pin or charm of an organization does so because he wants the public to know that he belongs to that body and is proud of it. If he has severed his connections and yet continues to wear these emblems, he is knowingly acting a falsehood. He is giving the public the impression that he is a member of that organization when he actually is not.

He must feel it an honor to belong to these organizations or he would not desire to wear the emblems. Any man wishing to retain this honor should aid in the upkeep and the furtherance of the Orders.

Highlights of Imperial Council

Session at Seattle, Washington

Nobility of North America "Smile with Nile"

AT the Sixty-second Annual Session of the Imperial Council A.A.O.N.M.S. which met at Seattle, Washington, July 14, 15 and 16, 1936, Illustrrious Noble (Judge) Clyde I. Webster, Past Potentate of Moslem Temple, Detroit, Michigan, had bestowed upon him the highest office within the gift of Shrinedom, when he was unanimously elected to the position of Imperial Potentate for the ensuing year.

Quoting from a news despatch: "Withdrawal for business and health reasons of Hugh M. Caldwell, of Seattle's Nile Temple, after his election as Imperial Potentate, permitted elevation of Judge Webster, Wayne County (Mich.) Circuit Judge, to the position."

* * * *

William A. Woodfield, Past Potentate of Islam Temple, San Francisco, Calif., was elected to the office of Imperial Captain of the Guard, which is the second office in the Imperial line. Noble George H. Rowe, Past Potentate of Ismailia Temple, Buffalo, N. Y., was elected to the office of Imperial Outer Guard, which is the first rung of the ladder ascending to the office of Imperial Potentate. The retiring of Imperial Potentate Leonard P. Steuart and the withdrawal from the Imperial Divan of Illustrrious Noble Caldwell left two vacancies at the bottom of the elected line of Imperial Officers, which were filled by Illustrrious Nobles Woodfield and Rowe.

* * * *

On the last of the three-day Imperial Council Session, announcement was made of the invitation from Moslem Temple, Detroit, Michigan, the home of the newly-elected Imperial Potentate, to hold the Sixty-third Annual Session of the Imperial Council in that city the early part of June, 1937. The invitation was enthusiastically received and unanimously accepted.

* * * *

The weather man played an important part in the entertainment of the Shriners in Seattle last month. Perfect weather was in order for the three-day Session, affording the uniformed units from approximately fifty of the Temples of North America the opportunity to go on parade without serious interference from "Old Sol" and "General Humidity." The big parade of Tuesday, preceding the opening of the business session, was an inspiring sight, being enthusiastically received all along the line of march. And the Grand Spectacle was the traditional Wednesday Night Illuminated Parade, containing many beautiful floats, allegorical in nature and artistic in design.

Detroiters promise to match this spectacle and declare a week's holiday to entertain the Shriners next year, at which time they expect an even greater throng to come to their city, which is easily accessible from all parts of the country.

Heard around the Imperial Council headquarters at Seattle that our good friend, "Jim" Price, is slated to be advanced to the office of Governor of Virginia next year. Illustrrious Noble Price is Recorder of Acca Temple of Richmond, Virginia, and Imperial Recorder of the Imperial Council, having served in the latter office since the death of Benjamin W. Rowell in 1927.

* * * *

The Nobles of Nile Temple, Seattle, Washington, and their families and friends were most hospitable hosts to the visiting Nobility. Among the many ways of entertaining the guests was the donating of 5,000 privately-owned and operated automobiles, given for the week of the Session for the purpose of taking the visitors and their families to the points of interest in and around Seattle. Everything was done to make it comfortable for a visitor and assist him to live up to the slogan of Nile Temple: "Smile with Nile!"

* * * *

One of the best-known members of the Imperial Council is our own Recorder and Past Potentate, Walter W. Morrison, who has attended these Sessions for the past 23 years. In addition to being a member of the Imperial Council, he is also a member of the Recorders' Association, membership of which is comprised of Recorders of the Shrine Temples throughout North America. This association has a full day's meeting of its own prior to the Imperial Council Session, and Walter is one of the active members in all of its deliberations, assisting the Imperial Council by sending suggestions to the Council for action in regard to laws, rules, regulations, etc. The meeting of the Recorders' Association this year was held in the new Washington Hotel at Seattle. The officers presiding were President Louis Donnatin, Recorder of Mecca Temple, New York City, and Secretary-Treasurer Albert Ellis, Recorder of Maskat Temple, Wichita Falls, Texas. These two well-known Nobles make things hum at this "junior" deliberative body.

* * * *

Without apologies to Walter Winchell, "we understand" that one of the high officials of the Imperial Divan is expecting a "blessed event" in the early Fall. When the event transpires, no doubt court will be adjourned for thirty days.

* * * *

According to the ship's log, we note that our official representatives as pictured in this issue of THE ALEPPO MONTHLY NEWS, didn't miss much on the Great Lakes trip, enroute to Seattle. We understand they even knew the direction in which the ship was going at all times, depth of water, knots per hour they were making, time they reached all ports, du-

ration of stay, points of interest to visit, best stores to patronize, and where the oases were located.

* * * *

One interesting innovation of the Imperial Session was the use of the so-called "covered wagon" by Shriners and their families journeying from all parts of the country to the convention city. Many of these Nobles made the trip a vacation tour by stopping at national parks and other points of interest, using their covered wagons as their own private Pullman hotels. These covered wagons made quite an encampment in itself, parked *en masse* in Seattle.

* * * *

An unusual and colorful stunt was pulled off by the uniformed Arab Patrol of the youngest Temple in North America—Zor, of Madison, Wisconsin. During the Wednesday evening illuminated parade, each member of this patrol carried a letter of the alphabet lighted by Neon tubes, being the first marching unit in the world to use the Neon decorations. They marched and countermarched in intricate formation, forming messages to the spectators along the parade route and receiving great applause for their innovation.

* * * *

The City of Seattle played a dual role as host since they not only entertained the Imperial Council but also the fleet of the United States Navy. The brilliant uniforms of the Shriners and the blue-and-white of the sailors combined with the colorful decorations on the buildings to make Seattle look like the rainbow with a pot of gold at the end. Upon the return of our representatives, we expect to find several naval headgear exchanged for the red fez of Shrinedom.

* * * *

One of the features of the Shrine Convention was the bringing together of Nobles from all parts of the country engaged in similar occupations. Special trips were made to lumber plants, fish canneries and other industrial establishments by Nobles interested in these various industries.

* * * *

One of the snappiest drum corps to parade the Seattle streets was that of Zuhrah Temple, of Minneapolis, Minn., who claimed that they had the world's best drum-major. How do they get that way? They should see our own drum-major, Lew Carpenter, who is second to none when it comes to strutting and swinging the baton.

* * * *

Islam Temple of San Francisco arrived in the convention city with a weird Chinese dragon one hundred feet long and manned by thirty-seven Nobles. They made a triumphal entry into Seattle with the booming of cannon and the explosion of giant firecrackers coupled with the noise of a huge electric siren. The dragon was reputed to spit fire and belch forth smoke when it was angry, but it never had a chance to do its stuff in Seattle. It could only "Smile with Nile."

* * * *

Seattle Lodge of Elks held "open house" the entire week, entertaining the visiting Shriners and their wives. Noble Sidney Coombs, a Shriner for more than forty years, was chairman of the Elks

reception committee and did a "Noble" job.

* * * *

The Shrine general headquarters had a telephone service resembling that of a small city, being one of the largest special systems ever installed west of Chicago for an occasion of this type.

* * * *

Hats off to Noble H. G. Getchel, Captain of the Moila Temple Arab Patrol of St. Joseph, Missouri. Noble Getchel is 81 years old, and enjoys the distinction of having organized the first Arab Patrol in Shrinedom in 1896. He has attended 41 Imperial Council Sessions as a representative, the last 21 years of which he has been an *emeritus* member.

* * * *

The man chiefly responsible for making Seattle the Mecca of Shrinedom was Noble Joseph A. Swallow, who was President of the Shrine 1936 Committee of Seattle and Chairman of the Executive Committee. Noble Swallow, who was most ably assisted by a score or more of chairmen of various committees as well as the Nobles of Nile Temple, deserves the credit for putting across the entire week's program for the entertainment of the Nobles of North America visiting that city.

Imperial Council Reunion

NOBLE Dr. E. Weldon Young, of Nile Temple, Chairman of the Banquet and Luncheon Committee at the Imperial Council Session at Seattle, Washington, and Past Potentate Fred E. Bolton, a representative to the Session from Aleppo, met at the Imperial Potentate's Banquet.

Dr. Young was greeting guests and said, "My name is Young." Fred replied, "Mine is Bolton." Dr. Young added, "I knew a Fred Bolton of Boston," whereupon our Fred said: "My name is Fred Bolton." "Not Fred E. Bolton," said the Doctor. Fred assured him that he was the Fred E. Bolton of Boston.

Whereat, they both recognized an acquaintance formed about 37 years ago in another organization—showing time goes on, as Fred comments, but paths cross again when least expected.

Chief Rabban Harry G. Pollard was introduced to the Imperial Council in his official capacity as Right Eminent Grand Generalissimo of the Grand Encampment of Knights Templar of the United States. He extended the greetings of his *fraters* and expressed his own pleasure at being an accredited representative from Aleppo to the Session.

Do you recognize this Noble group of Admirals? They are none other than the official representatives from Aleppo Temple to the 62nd Annual Session of the Imperial Council, aboard the S.S. "Juniata," on the Great Lakes enroute to the convention in Seattle. Front row, left to right: Past Potentate Fred E. Bolton, Past Potentate Clarence J. McKenzie, Past Potentate and Recorder Walter W. Morrison. Back row: Potentate Frank A. North, Chief Rabban Harry G. Pollard, and Second Ceremonial Master Arthur A. Sondheim. The official nautical headgear they so proudly display bears the caption, "S.S. Aleppo" and was presented to them when they left Boston by *The Aleppo Monthly News*.

OF course, there's always news to be had of the members, but it is more elusive at this season of the year when the meetings are suspended.

Noble Frank Breed, of the first platoon, is on a cruise—"believe it or not"—to Honduras, Central America. As we go to press, Frank is perhaps eating bananas in that wild and primitive country of rubber and mahogany, and inhabited by Black Caribs and other aborigines.

Noble George Weeks, of the first platoon, and Mrs. Weeks, have just completed a tour of 3600 miles, from Boston to Ohio and returning through the South.

Noble Herbert Single of the third platoon and secretary of the Aleppo Golf Committee, starts with his family August 8, for a trip to Montreal, by the way of Niagara.

Dr. Stacey, our Surgeon, is taking long week-ends away from his office and enjoying much of the summer at that delightful garden home of his at East Abington. He is planning a trip through northern New England during August.

During August also, Dr. Salerno, Mrs. Salerno and the Misses Gloria and Virginia, will be touring Canada.

Thatcher "Scratch" Taylor, of the first platoon, P.H.P. of St. Mathew's Chapter, P. Monarch of the Grotto, etc., etc., and for nearly seven months incapacitated because of an auto accident, is at last making real progress in his recovery. He has been at home several weeks and with most of his impediments discarded, is getting about quite nicely under his own motive power. Naturally, he is most anxious to get back to work again, but he is showing rare courage and still exhibits that well known smile of his.

Our theatrical men, Reggie Morse of the Roxbury Theatre and Ellis Harrison of the Dorchester Theatre, will be unable to get away from business before the fall.

We met Noble Bill Strong of the fourth platoon, in Boston, and he said that he will vacation at White Horse Beach. Incidentally Noble Strong has been serving Aleppo Temple most efficiently as Hospitaler for years, with very little general praise or recognition. While it is a "labor of love" for Bill to devote so much of his time to visiting our sick, it is one of the most valuable contributions made to the fraternity. He is temperamentally equipped for this

"cheering up" task, and of course his work is greatly appreciated, even though he is seldom commended for it.

Noble Harold Budreau, of the fourth platoon, the Grand Commandery, etc., and in business serving as a representative of the Mo. Pac. R. R., is spending his vacation with Mrs. Budreau, at Glacier National Park.

We regret very much to report the passing of Sergeant William S. Badger, of the fourth platoon, on June 29, 1936. Noble Badger was one of our oldest members of the patrol, and had been ill for some months. Noble Badger was formerly connected with the State Examiners' Office. He was a Past Master of Good Samaritan Lodge of Reading. Services were held at his former home at Reading and interment took place at Oak Grove Cemetery, Medford.

THE STEEL PIER

IF the trip of two years ago is any criterion, the coming Stag Outing of Aleppo Temple to be held aboard the steamship "Steel Pier" August 25, notice of which appears on page 1 of this issue, will be a most enjoyable event.

Noble Louis K. Thurlow, owner of the "Steel Pier", assures us that everything will be in readiness, and that the ship and its crew will be in the pink of condition to give the Nobles a day that will be long remembered as one of the best stag outings ever sponsored by Aleppo Temple.

A BUSY NOBLE

NOBLE Sinclair Weeks of Aleppo Temple, ex-Mayor of Newton, Mass., and Chairman of the Massachusetts State Republican Committee, did a fine job in arranging the details of the recent visit of John D. Hamilton, the National Chairman of the Republican Committee, on his recent visit to Boston. The meetings were largely attended and the greatest enthusiasm prevailed.

SOUTH SHORE NEWS

By Noble George A. Rhodes
Associate Editor

HAVE checked over the Nobles in this neck of the woods and they seem to be doing fairly well. "Doc" Dingwell, chief justice of Taleb Grotto, and an enthusiastic Shriner, has been ill since he returned from the Supreme Convention of the Grotto in Indianapolis. Facts are "Doc" never saves himself. If a patient is ill he goes the limit. Day and night he answers calls of the boys and their families. A rest is what he needs most.

George G. Ormon, on the degree staff of Aleppo, master of ceremonies in Taleb, has relinquished the gavel as president of Quincy Rotary after a year of service. As a boss of sporting events at outings George is "tops."

The big Masonic Temple in Quincy is being given a thorough cleaning, and Rural Lodge opens the fall season September 3, before Labor Day this year. Lodges that keep going all summer report a number of candidates. Aleppo has many Nobles in Quincy and should have many more with the number of craftsmen that live here. Maybe in the Fall, some of them will see the light and sign on the dotted line.

A number of the DeMolay boys are spending their vacation at Camp DeMolay on Black's Island in Lake Winnepesaukee. The late Noble, Hon. Chester I. Campbell, was the founder of this camp. An interesting story was published in the *Quincy Patriot Ledger* which brought to mind the late Noble Campbell and his wife. A large collection of dolls Mrs. Campbell had were given to the local library, and recently have been placed in cases built for the purpose. Mr. Campbell could always know what his wife wanted for a gift when he was away—A Doll. Many of them they picked up in their trips around the country.

Noble Henry Hayward moved up to the office of Grand Steward in the Supreme Grotto and is called "Grand Chef." The name fits him well, for as a chef he has few rivals. By the way, there is a group of Shriners in Quincy known as the "Shingle Club." They eat once a month. Henry is the dictator of the menus in many instances and does the cooking at his camp. Editor Leggee and even Potentate North do not know what a regular feed is until after being a guest of the Shingle club. Recently they secured some 60 lobsters. Starting with a fish chowder, two or three soup plates to make a foundation, they tackled the lobster and then ate a few dozen pies. Fortunately, only 20 of the 25 members showed up so the 60 lobsters did all right for luncheon.

The deputies in the 26th and 27th districts have their visitation list ready. Rt. Wor. Charles B. Worrick, of Hingham, the 27th, has bunched his visits all in October. Charles evidently does not take great stock in the highways of Plymouth county being open all winter. Rt. Wor. Everett E. Weatherbee of the 26th, spreads his out a bit more.

VACATION time and our members have journeyed to far distant points. I have been able to contact only very few of our members, so a full report of their activities can not be given at this time.

With the exception of Noble Carl Priest, who is touring Mexico, Noble Sid Abbot, who leaves for a week in Paris on the "Lady Drake" August 1, and Noble Roby Nichols, who will soon leave for South America aboard a United Fruit steamer, the boys have selected New England as their vacation grounds.

Noble George Lewis and Mrs. Lewis are reported to be vacationing in New London, New Hampshire.

Noble Wilbur Parker and family are at their summer place on Cape Cod.

Noble "Andy" Stenberg, mixing pleasure with business, is reported to be in Portland, Maine.

Noble Ray Parker and family, as usual, are summering at Lake Shore Park, New Hampshire.

Noble George G. Ormon of the Staff recently retired as President of the Quincy Rotary. George kept things "rotating" during the entire year of service to this up-and-coming organization.

Don't forget our August Stag Outing on the twenty-fifth; and the Annual Shrine Day at Suffolk Downs. All Degree Staff members should be present.

Golf News

By Noble Herb Single

ON July 1, 76 Nobles and their friends teed off at Belmont Country Club, Inc., on what was a most perfect day for golf. For some unknown reason there seems to be a falling off in attendance this year and it doesn't seem fair to your committee who have labored so hard to make these tournaments a success only to have so small a number turn out where we have over 600 on our golf mailing list and many more good golfers in Aleppo Temple. This year we have had almost perfect weather, good courses to play on and a good dinner and entertainment, all of which help to make a perfect day's outing. If you haven't played with us we have a lot in store for you, so why not get out and see what you have been missing?

The prize winners at Belmont Country Club, Inc., are as follows: Low gross, Fred F. Hale, and incidentally Noble Hale won the New England Seniors' Championship at Woodland in May; second low gross, C. E. Eaton; long drive, Rex Roberts with 260 yards; second long drive, A. Bullock; putting contest, Oscar Hedlund; first kicker, F. M. Batchelder; second kicker, G. E. Smith; third kicker, F. V. Britain; fourth kicker, Herb Single; fifth kicker, Dr. Crosland; sixth kicker, George Wood; most 3's, George Dolloff; most 4's, Leon Smith; most 5's, C. S. Walker; most 6's, C. J. Chapman; most 7's, Frank Hilliard; most 8's, C. R.

Metcheat, Sr.; most 9's, F. Y. Marshall; highest score, J. A. Ricker.

Any Noble who hasn't received his prize or knows of any of their friends who hasn't, will they please call at the Shrine Headquarters, 97 Huntington Ave., and receive it. It is unfortunate so many Nobles leave the tournaments early who have prizes coming to them, so in this case we have to have someone pick for them.

On account of the August Magazine going to press early this month we will be unable to give you the account of the South Shore tournament but will give full details in our next.

AFFILIATIONS

WE are frequently asked the procedure necessary for a Shriner to join with us by means of a demit. Any Noble desiring to affiliate with Aleppo Temple by demit can do so by depositing his demit with the Recorder, together with his current year's pass card, and when elected to membership, he will be furnished with an Aleppo Temple current year's pass card at no additional cost. The Recorder can furnish resignation blank and membership petition.

In this connection, there are many Nobles permanently residing in Aleppo's jurisdiction that only need an invitation to become an active member of Aleppo Temple. Perhaps you are acquainted with such a Noble. Invite him to the Temple for all of our activities and extend to him an invitation to become an active member of Aleppo. No doubt he will appreciate your interest in him.

FROM OUR OWN PAGES

THERE was a time when Tableware proved a bane rather than a blessing to the life of its owner. Whether solid or plated ware, knives, forks and spoons alike turned black in the face at the least provocation. Acids and air—foods and fruits—combined to dim the newness and lustre of what otherwise might have remained a thing of beauty and a joy forever. But, let the housewife acquaint herself with "Henrici Stainless" . . . The Tablewear Everlasting, by first reading every word of the attractive trial offer in the advertisement on page 7 of this issue of THE NEWS, and then sending \$2.00 for the set of five pieces. She will fall in love with its simple elegance and its everlasting beauty and durability.

ONE of the world's most famous chemists and food experts maintained that next to milk, ale was the most nutritious beverage obtainable. When we have tuned in the radio to the program sponsored by the Cold Springs Brewing Co., Lawrence, Mass., it has brought back to our recollection the statement of the eminent chemist. Hacker's Five X Ale is a product advertised each month in the pages of THE ALEPPO MONTHLY NEWS. Their slogan, "The Ale that is full of Energy," is no exaggeration. Made from the purest ingredients and produced in the most sanitary and scientific manner, Hacker's Five X Ale holds its own with the "best of brews."

WE overheard two charming young ladies at the Country Club the other afternoon discussing the rather good-looking young males appearing in the Lifebuoy Shaving Cream ad. Both agreed that a close shave makes a heap of difference in a "boy friend," and then they launched into a lengthy discussion of the importance of keeping one's self well groomed. If you turn to page 11 of this issue of THE NEWS, you will read something about a free trial tube of Lifebuoy Shaving Cream that will furnish lather enough for a dozen clean, easy shaves. "A word to the wise is sufficient!"

Noble Dr. Arnold Honored By Royal Arcanum

AT the Annual Session of the Royal Arcanum, held at Hotel Somerset, Boston, June 25 and 26, Noble Dr. Seth F. Arnold of Boston was unanimously elected Grand Regent of the Grand Council of Massachusetts.

This organization, which is a beneficent fraternal association of men, instituted in Boston, June 23, 1877, is to be congratulated on the election of Dr. Arnold to this exalted position.

Dr. Arnold is a former Representative of the Massachusetts Legislature, and a former member of the Boston City Council. He is well known in State politics, having been elected as a rep-

DR. SETH F. ARNOLD

resentative to the Republican Convention last June.

It is appropriate that this organization should have at its head one of Boston's prominent physicians, as this City is the international headquarters of the Royal Arcanum, which was formed for the protection of home, its members, and as a general fraternal association, with Councils in the United States and Canada.

THE WORD ARAB

"ARAB" is one of the most loosely applied words in existence today. It is not a designation for a person of any one race, country or religion, writes E. N. Miller in Collier's Weekly.

Through many generations of intermarriage in Europe, Asia and Africa, the world's present 35,000,000 "Arabs" are a strange mixture of races and religions.

In northern Africa, even Europeans who have taken up Mohammedanism are known as "Arabs."

THE TEST OF A NOBLE

The test of a Noble is not in the size
Of the emblem he wears on his coat;
Or the weight of the sparkler adorning
his hand,
Nor the wad he's reputed to tote.
It takes more than a bankroll to prove
you "belong."
The test is in deeds, not in dollars;
For you can't tell the breed of dogs,
horses or men,
By the trimmings stitched into their
collars.
A real Noble's more than a pleasure-
rent gink,
Neglecting all else in the quest;
To sing and to laugh is permitted o'
course,
But your mirth is by no means the test.
You can hum when you're happy and
smile when you're glad,
And vacation for fun now and then;
But remember—the world doesn't ask,
how's your laugh,
When selecting its patterns o' men.
So it isn't the greenbacks, or carloads o'
joy,
You can boast of—they prove not a thing;
Nor are you a Noble in fact, as in name,
Just because you are wearing the ring.
The test of a Noble—in mountains, or
plains,
In valleys, in forests, in beaches,
Is your answer to this—Are you, day by
day
Living up to the practice it preaches?
—D. J. DeMunn in *Shrine Smile*.

"THREE LONG YEARS"

MARK Twain once remarked that everyone talked about the weather but no one ever did anything about it. At all events, when conversation lags the weather is usually a fruitful topic to fill in the gap. So it looks as though we would have to discuss the climatic conditions for want of other material to fill this column.

And speaking of weather, recently we had a series of very severe thunder storms down our way; three humdingers in two days, to be exact. During the first storm lightning struck on our street nine houses beyond us; during the second storm it struck three houses nearer, and the third hit a house only four numbers away. Luckily no great damage was done, and while we are not the least bit superstitious, By Gosh, we are keeping our fingers crossed now every time we hear a rumble of thunder.

But, says you, what has all this to do with Band Notes? The answer is obvious—not a darned thing—only we had to get this column started somehow.

The other day we had a letter from a very good friend of ours, the Grand Master of the A.O.U.W. of Washington, who writes: "Today I stood for an hour and a half looking at the great Shrine parade as it passed along Third Avenue in Seattle, and my heart was sad to think you were not along with the Massachusetts contingent that we might again take charge of you and act as auxiliary members of the Shrine entertainment committee."

We regret not being present on that occasion just as much as he did, because we have a vivid recollection of the wonderful hospitality that the members of the A.O.U.W. of the State of Washington extended to us when the band stopped off at Seattle for eight hours on their way to the San Francisco Imperial Council meeting a few years ago. As Raymond Hitchcock used to say, "Them was the happy days, them was."

The only interesting bit of news we have heard so far is that the band and patrol are booked for the Suffolk Downs races on Shrine Day, August 11. The band will play a few numbers to pep up the Gee-Gees, and we hope they run their heads off—the horses, not the band boys. So Nobles, save up your pennies and play 'em on the nose, or show, place or across the board. (Confidentially, we don't know what these terms mean, but we read about them somewhere in the papers.) We trust that the day will be propitious, and that the boys will not come home minus their shirts.

We are delighted to learn that our beloved leader, Walter Smith, is on the right road to recovery, and will be home from the hospital after the first of August, at which time he will be more than pleased to have the boys call on him.

This is the best news we have heard in a long, long time, in fact, the most welcome news we have heard in "Three Long Years." We are looking forward with pleasant anticipation to the resumption of band rehearsals in September, and hope to see Walter in his accustomed place on the rostrum, swinging the baton once more.

As the lamented Will Rogers used to say, "All I know is what I read in the papers," and we note in the July issue of THE ALEPPO MONTHLY NEWS that the annual outing will be held on August 25, and will be a "Stag" affair, which will suit the boys fine. We love our wives, but—It reminds us of the title of the celebrated engraving, "Stag at bay." Only this affair will be "Stags on the bay." (Note for the compositor: Don't set this "Stags over the bay," please.)

Laugh and Be Happy

EVERY man loves consistency. Every man realizes there are professions and conduct which mix no better than oil and water.

A man wearing a Shrine button enjoys a great privilege. No great privileges but bring correspondingly great responsibilities. The Shrine button is a badge of good fellowship, an emblem of good humor, the symbol of a man who loves the world and laughs both with and at it.

No man can consistently wear a Shrine button and a grouch, a fez and a frown. We live in a world where worry and care make vertical lines between the eyebrows and furrow the forehead like the corrugations of a washboard, cut deep curved wrinkles from the nose to the chin, which make mouths appear to be in parentheses. Men who love the Shrine smooth out these wrinkles with the upturned wrinkles of laughter.

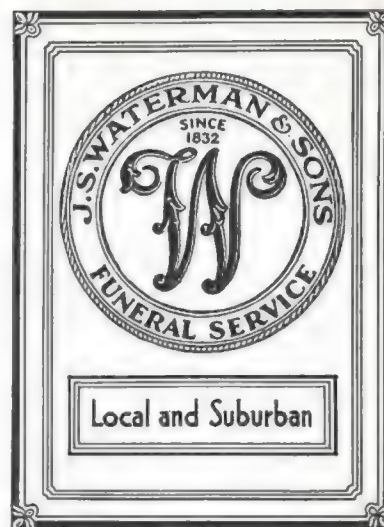

Fellow Shriner, go take a glance in the mirror and see if the expression on your face is consistent with the button on your coat. Smile, darn you, smile! You know that's what they taught you in the Shrine. You are a poor schoolboy if you didn't learn your lesson and can't make your mug match your button.—Thanks to Noble J. H. Lewis.

THE MORSE CODE

NOBLES of our Temple will be glad to learn that Ernest W. Johnson, Monarch of Omar Grotto, who was taken with an attack of appendicitis at the annual meeting of the Supreme Council in Indianapolis, is on the road to recovery. "Ernie" has many friends among us Shriners, and they are glad to know that he will be able to be in the front rank when the anniversary of Omar will be pulled off in September and he will sing "Eliza Jane" with his usual gusto.

It is interesting to know that the Seiler boys have made such a splendid go of it at "Ten Acres" in Wayland. You chaps who like an appetizing wind-up after a pleasant ride will find this at a visit to this spot. Many organizations have found it possible to get there after an invigorating motor ride, and it is not to be wondered at that so many make a return trip. Not only is the meal exactly what the doctor ordered, but the surroundings are certainly most pleasing.

Certainly a great tribute to the Seilers is the fact that the 50-year Class at Harvard University has given the spread in the college yard year after year at which the table is set in a most inviting manner and at which the guests are the classes that have gone before. Irving Seiler was Johnny-on-the-spot at the gathering of this year and that showed there was nothing lacking in quality and quantity.

The rotogravure section of the Boston Sunday Herald is running a series of reproductions of prominent candidates for offices in Boston and through the State of Massachusetts. Noble Edwin H. Cooper of Aleppo has been drafted for this work and there have appeared thus far Noble Frederick Cook, as well as candidates Thomas H. Buckley, Haigis and Forte.

It is the first time that Col. Cooper has been resurrected since 1919, at the time of the stock yard strike in Chicago.

The Colonel, by the way, is a candidate for the Legislature from Newton in the Fifth District, and hopes to be able to fill the position now occupied by Leverett Saltonstall.

Noble Sidney Koblenzer, of Brookline, Mass., and of Aleppo Temple, is back again after a most enjoyable trip to Mexico land, covering ten days on the water. He was accompanied by Mrs. K., and to say they enjoyed their trip would be putting it mildly. Noble Sidney was booked for the trip by our friend, Noble Clarence C. Colpitts of our Temple, who left nothing to be desired to make the pilgrimage what it should be. Mr. Koblenzer is a brother of Dr. Maurice Koblenzer of Richmond, Va., who is a leading Shriner of Richmond and is a Past Exalted Ruler of the Elks in that city.

The editor of this column had the pleasure recently of extending his felicitations and those of his wife to a centenarian in New York City who was a great friend of his mother, Mrs. Henriette Wimpfheimer. This lady has 15 grandchildren and 9 great-grandchildren, has four widowed daughters—the eldest 81 and the next one 76. The old lady enjoys excellent health and her only impairment is her hearing. She is able to enjoy many of the good things of life, and she is very fond of motion pictures.

NEVER FORGOTTEN

AN old lady of seventy, returning after sixty years' absence to her native Scottish village, called on a friend of her youth, now ninety.

Said she: "Though I've been lang away, an' I have na written ye, I've never forgotten ye. I've looked regularly to see your death in the papers."

LINCOLN'S PERSEVERANCE

WHEN Abraham Lincoln was a young man, he ran for the legislature in Illinois, and was badly swamped.

He next entered business, failed, and spent seventeen years of his life paying up the debts of a worthless partner.

He fell in love with a beautiful young woman to whom he became engaged—then she died.

Entering politics, he ran for Congress and was badly defeated.

He then tried to get an appointment to the United States Land Office, but failed.

He became a candidate for the United States Senate and was badly defeated.

In 1856 he became a candidate for the Vice Presidency and was again defeated.

In 1858 he was defeated by Douglas.

But in the face of all this defeat and failure, he eventually achieved the highest success attainable in life, and undying fame to the end of time.
